

HON. CLIFFORD SIFTON
AT RAPID CITY

Says Conservative Leaders Are Unfit to Engage in Moral Crusade.

(Special to the Times.)
Winnipeg, Oct. 16.—Hon. Clifford Sifton is going outside his own constituency now to assist in winning seats for the government where the Liberal candidates have good prospects. Last night he addressed a meeting at the *Hotel St. Charles*, where he lectured on the *United States*, who is opposing Mr. Roche in Marquette. The farmers, came from many miles to attend.

Mr. Sifton dealt vigorously with the opposition's campaign of slander and stated the leaders of the Tory party were unworthy to engage in a moral crusade.

Mr. Jackson has a good chance to defeat Mr. Roche. He is a ruster, young and popular. He visited Victoria last winter spending some weeks there. Mr. Roche only had eighty majority in the last election. This year he has the best chance to be elected on the list than the Conservatives.

REPUBLICANS NOT GETTING MUCH MONEY

Roosevelt, Though Preparing Annual Message, is Interested in Campaign.

Washington, Oct. 16.—The president was busy yesterday holding conferences and working on his annual message to congress.

He conferred on immigration matters with Secretary Straus and Robert Watson, commissioner of immigration at New York. Mr. Watson's visit revived speculation regarding the "successor" to the present commissioner of immigration, the vacancy which it was announced at the White House would not be filled until after election. The general political situation was reviewed at a conference between the president and Representative Loudenslager, secretary of the Republican congressional committee. The latter said he told the president that the committee was getting plenty of activity though not plenty of money, but that the Republican prospects were good.

U. S. SUFFRAGETTES ARE NOT AMAZONS

**Do Not Approve of Fiery Meth
ods Adopted in
England.**

Buffalo, Oct. 15.—The fortieth annual convention of the National American Woman Suffrage Association was called to order yesterday afternoon by its president, Rev. Aprax Howard Shaw. Mrs. Shaw called attention to the programme adopted by the workers for woman suffrage, and predicted even more rapid advancement of the cause in the future.

The letter from Mrs. Annie Cobden Sanderson, the English suffragist organizer, advising American suffragists to "introduce into your organization more of the fire of revolt, more denunciation and more insistent demand, that the women of the country may have the power and the liberty to work for the world's moral regeneration," was given out.

"American suffragists do not countenance the methods in vogue in England." This opinion, voiced by one of the prominent delegates, reflects the general feeling among the suffragists here.

'FRISCO EPIDEMIC OF TROLLEY ACCIDENT

San Francisco, Oct. 16.—In a street car accident at Mason and Union streets yesterday Miss Gabrielle Guise was probably fatally injured and

San Francisco, Oct. 16.—In a street car accident at Mason and Union streets yesterday Miss Gabrielle Guyson was probably fatally injured. At several other persons painfully hurt. A work car coming down the Mason street hill crashed into a Union street trolley car as it was rounding the curve. Miss Guyson was thrown in the street with such force that she sustained a fractured skull, broken nose and had several teeth knocked out.

Within a few minutes of the time that this accident occurred, two people, a man and a woman, in different parts of the city, were struck by cars and seriously injured. Miss Madeline Sullivan stepped off a northbound Polk street car at Jackson street and walked directly in front of a southbound car. She received a compound fracture of the skull.

About the same time Charles Brizola was run down by a Market street car at Third street and, besides a fractured skull, received numerous other injuries.

**Company Will Have Com-
manding Position for Its
Wharves.**

The purchase by the G. T. P. of perhaps the most valuable section of the inner harbor of Victoria is an event which carries with it more important promise than anything connected with transportation that has happened for a number of years. It means the advent of that great company into the life of Victoria. That this is but the beginning of the G. T. P.'s relation with Victoria can be taken as a fact. The new company, in making arrangements for its steamship connection, has done so on a scale that augurs well for the future business with the city. It is a commanding waterfront which is acknowledged to be the best piece of property in the harbor was acquired. This property, which extends from the Dominion government wharf to that of the Alaska Steamship Company, has a frontage of 420 feet of the water. It extends back to Wharf street, having a frontage of 290 feet on that thoroughfare. The lots are about 35 feet deep from the water to Wharf street.

Situated as it is in a direct line with the entrance to the harbor there are splendid opportunities afforded for

Docks and Steamships Destroyed in Fire Covering Five Acres.

Chicago, Ills., Oct. 16.—The International Salt docks, the Calumet elevator, the offices of the Elgin Joliet and Eastern railway, and two steamships were destroyed, early to-day in one of the most spectacular fires Chicago has ever had in, many a year. The loss is estimated at \$1,250,000.

Starting in one of the salt docks the fire spread rapidly until it covered a area of nearly five acres and sent up a volume of fire that could be seen a over south Chicago.

Leader of Recent Demonstration in Danger of Excommunication.

Rome, Oct. 36.—It is denied in Catholic circles here that the Pope has forbidden the Catholics of France to attend the state universities. His Holiness recommended that they do not attend, with a view to encouraging the faculties of Catholic institutions by the preference given them over state institutions.

It is reported that Father Romolo Murri, the leader of the Catholic demonstration, will shortly be excommunicated not for heresy, but for disobedience in writing and bearing in a spirit of disobedience the order of the Pope.

GERMAN BALLOONS MISSING.

Competitors in Berlin Endurance Race May Have Been Lost at Sea.

Berlin, Oct. 16.—The German balloon Plauen and Hergoseil, which left here on Monday last in an endurance contest with 27 other competitors, have not been reported. The aero club committee is convinced that they have been lost at sea. The other airships all have been accounted for. The Plauen was piloted by Her Kackett, and the Hergoseil by Lieut. Foerisch.

LORD MILNER MAKES AN ELOQUENT PLEA

Imperial Unity Must Be Watchword Against International Attack.

(Special to the Times.)
Winnipeg, Oct. 16.—Half an hour before the time arranged for last night's Canadian Club luncheon, at which Lord Milner was the guest, a crowd wended their way to Manitoba hall. The carrier of an hour before the opening of every feast in the hall was taken as great was the desire to see and hear the distinguished British statesman.
On entering the room in company with Sir Thomas Shaughnessy, W. D. Matthews, Director of the C. P. R., and officers of the club, he was accorded a rousing reception. William Whyte introduced the guest and Lord Milner arose amidst one of the most enthusiastic greetings ever accorded by the Can-

It was some time before he was able to speak. He pleaded for the Imperial spirit and dwelt on the problem of closer union. He claimed that the work in the old land will not be effe

"Speaking last week to the Canadian Club of Vancouver," he said, "I dwelt at some length upon what I conceived to be the advantages which Canada and the other members of the British Imperial family have to gain. Here I am going to break new ground. Enough has been said for the moment about the value of Imperial unity for the purpose of external protection. Let us look at it to-day in its bearing

Concluding, he said, it is no use for a few of us, even a larger number of us, working away for the common cause on the other side of the Atlantic unless others are working for it over here, working for it as Canadians are keeping it on their minds from day to day, and watching for every opportunity which may further it and they must be on their guard against every action which may injure it. It is only by a long pull and a strong pull and a

altogether that we can place our gre
common heritage, the British Empl
above the danger of international
tack or international disruption.

LITTLE TOT'S AWFUL DEATH
Clothes Catch Fire When Saturated
With Coal Oil—Mother and
Babe Also Burned.

Quebec, Oct. 19.—Little Paquet, 16 years old, daughter of Edmond Paquet of Champlain, N. Y., owner of a canoe boat lying at a wharf here, was hurried to death on board the craft. It spilled coal oil on her clothes, and

going near the fire it ignited. The clothing of her two-year-old sister a caught fire, and she may die too. The mother was fearfully burned in attempting to subdue the flames.

MANY HEADS BROKEN.

Meeting of Varsity Students to Discuss Strike Ends in Free Fight.

St. Petersburg, Oct. 18.—The students

of the university of St. Petersburg met yesterday to discuss the continuation of the strike they have embarked on because of alleged impositions by the ministry of education, the gathering broke up in a free

between the opposing factions. Clubs and canes were used freely, and many heads were broken. The rector made a personal appeal to the students, succeeded in getting a semblance of order. The university last night

be surrounded by policemen.

JOHN REDMOND HOME.

Irish Leader Is Object of Enthusiasm

Queenstown, Oct. 16.—Despite the lateness of the hour, John E. Redmond and John Flanagan were given an enthusiastic reception on landing from the steamer Celtic last night. Delegations

met them presented addresses. Mr. I
mond in a speech of thanks said that
Boston convention was the most suc
cessful convention he had ever attended.

VICTIM OF POLITICS.

Ottawa, Oct. 16.—Charles Morin, 55 y old, got excited at a joint political meeting at Hull on Wednesday night and suddenly of heart failure.

**MAD WITH JEALOUSY
HE SHOTS BETRAY**

**Crime of Laborer on Find
Out His Wife's Infi-
delity.**

(Special to the Times.)

Winnipeg, Oct. 16.—Angered
jealous to the point of blind des-
peration, caused by finding his wife

with another man on his return from railway work, John Omucke, a laborer, eighteen years old, entered the home of Ignacy Jakimowki early last night and without hesitation drew a revolver.

and him, mortally wounding him. The end was he is dying in the hospital. Om was pursued and arrested.

REFUGEES DIE IN BURNING TRAIN

(Continued from page 1)

Forest Roaring Furnaces.
Alpena, Mich., Oct. 15.—Nearly a score of refugees from the fire-swept valley of Metz, on the Detroit and Marquette railway, are known to have been burned to death between Metz and the village of Posen last night, when their relief train was wrecked by a burning and reports are coming in slowly as a result of the fire, but it is known from Millersburg at noon that fifteen burned skulls have been found in the ruins of the destroyed relief train, and that the fireman was burned to death in the water tank of his locomotive, where he had taken refuge. It is not yet definitely known how many persons were aboard the relief train when it pulled out of Metz last night, nor whether the refugees escaped, except that two trainmen who have arrived at Posen escaped with their lives. The information received from Millersburg at noon told that only the skulls had been found in the wreck, and that Conductor Klaville and Engineer Foster escaped from the burning train by crawling along the tracks on their hands and knees with the forests on either side roaring furnaces. Conductor Klaville is reported to be blind from his burns, but Engineer Foster is understood not to be seriously injured.

Children Cremated.
Detroit, Mich., Oct. 16.—A dispatch to the News from its Millersburg correspondent, who returned at 1 o'clock this afternoon from the scene of the wreck, says: "Fifteen men, women and children burned to death in the awful fate of the victims of the worst fire that this section ever knew. These people were burned on a train which tried to take them out of the town of Metz, most of which last night was a raging volcano."

"The train was composed of eight or nine wooden cars and one steel gondola. Into this open car were crowded thirty or forty men, women and children, with a mass of household effects. At Nowicki siding the rails spread and the engine went into the roadbed. The flames swept over the doomed train, settling in the car with the people. Three mothers and nine small children stayed on the steel car, the sides of which were soon red hot and they were cremated. Art Lee, the fireman, sought safety in the water tank on the engine, and was literally boiled to death. Wm. Barrett, brakeman, died on the engine."

Fires in Chippewa County.
Sault Ste. Marie, Mich., Oct. 16.—Forest fires have again broken out in Chippewa county and are threatening in the extreme. Briskley, a town fifteen miles west of here, is in serious danger of destruction and the Neeshel settlement was saved last night only by heroic efforts of the fire department from the Canadian town of Sault Ste. Marie, which went there with an engine on a tug boat.

The smoke is so thick that it is impossible to see across the river today and boats are either tied up or operating under check. Unless there is rain soon the losses will reach hundreds of thousands of dollars. The flames reached the city limits here last night and threatened a dynamite store house.

CLEVER RECITER.
Miss Underhill Pleased Her Audience at Y. M. C. A. Hall.

The recital given on Wednesday night at the Y. M. C. A. auditorium by Miss Underhill, the well known local elocutionist, was a great success. There was a very good attendance, and the programme was much appreciated by all. Miss Underhill's subject was "Maid of the Mountains," in eight parts. She was aided by two soloists, Mrs. E. Parsons, both of whom rendered selections to the delight of the audience. Miss Underhill rendered several instrumental solos on the piano. G. Bolden, one of Miss Underhill's pupils, contributed her part well. Miss Underhill was in her usual good form. She has an enviable reputation as a reciter and her recitals are always planned to hear her.

DR. FAGAN IS BACK FROM TRIP TO EAST

He Attended the Great Congress on Tuberculosis in Washington.

"Home again," said Dr. Fagan, provincial health officer when he returned from his trip to the east. "It is pleasant to go and to see but pleasantest of all to return." In the matter of health the doctor has benefited greatly by his trip and appeared in the best of health and spirits. As the official deputized by the provincial government to represent the province of British Columbia at the International Congress on Tuberculosis which met in Washington, D. C., he was accorded a most cordial reception at the magnificent capital of the United States, he says.

"Everything that forsooth could devise having been done to secure the comfort and promote the pleasure of the delegates, the great triennial congress opened its session on the 21st of September, amidst surroundings not less dignified and impressive or less beautiful than those enjoyed on the occasion of the last meeting of the congress three years ago, in the older capital of the French."

"From every point of view the congress of Washington was eminently successful. The main issue, decisions of a momentous and far-reaching nature were arrived at whilst from amongst the prodigious learned convocation of the 6,000 doctors and scientists present, various new and startling theories were propounded which, whether fated to eventually prevail or not, at any rate contained instructive elements of the highest order and represented deep research and the study and labor of many minds of men who are in earnest."

"Amongst the most useful features, from the practical standpoint of present expediency, was the knowledge acquired as to the extent and effect of the use of tuberculin. It appeared from the discussions entered into at great detail that amongst all the leading men who devote special attention to the study of tuberculosis, tuberculin is largely used in infinitesimal doses both as a diagnostic and also as a therapeutic agent, with the best results. These discussions, I need hardly say, were followed by me with the very keenest interest and the subject was afterwards followed up at the John Hopkins hospital at Baltimore, and also at Saranac Lake, where Dr. W. C. C. Irving, medical superintendent of our Tranquille sanatorium still remains for the purpose of prolonged investigation preparatory to introducing the methods and use of tuberculin at our own institution."

Before proceeding to the great conference, Dr. Fagan attended the meeting of the American Public Health Association at Winnipeg, and spent some time at Ottawa and Montreal going fully into the question of milk supply and the dangers connected with an impure supply.

AUSTRIA'S NAVY MAY DEMONSTRATE
Vienna, Oct. 16.—The possibility of an Austrian naval demonstration in Turkish waters in case the official protest against the boycott of Austrian goods in Turkey brings no result, is being discussed in Vienna.

WILL GIVE BANQUET ON THURSDAY NIGHT
Sir Thomas Shaughnessy Will Be Guest of City.

Sir Thomas Shaughnessy, president of the C. P. R., will be banqueted by the citizens of Victoria on Thursday evening next, October 22nd. It is expected that the affair will be one of the finest of the kind ever held here.

The board of trade and city council are the joint hosts, and the arrangements are in the hands of the secretary of the board of trade and commerce. The tickets have been printed, and can be had from any of these gentlemen: D. M. Eberts, A. G. Goward, G. A. Kirk, C. W. Rhodes, J. E. Wilson, or Fred Elworthy. Already a large number have been disposed of.

It is likely that Sir Thomas will take advantage of this opportunity to tell Victorians what the plans of his company are in reference to extensions on the Island.

WINTER PALACE IS AGAIN PROPOSED

Proposition Made to the City Council by Two Syndicates.

The city council has now two schemes before it for consideration touching upon the remaining portion of the James Bay flats not occupied by the Empress Hotel. Both are in the hands of local people, who are backed up by capital. At the head of one is the well known firm of Bower, Clark, and Nelson, the other is Ian St. Clair.

The propositions are somewhat similar, and in general are along the lines suggested some years ago for a winter palace in which Herbert Cuthbert, representing the Tourist Association, took an active part in advocating.

It is proposed in these schemes to provide store along the front with pleasure quarters in the interior. The plans are, of course, subject to modification, but in general provide for swimming baths and a winter garden with all attendant attractions.

The propositions made to the city council provide for alternative arrangements as to the taking over of the city property. The city is offered by one of them what would be practically a partnership in the sharing in the profits.

No definite action has yet been taken by the council in the matter. The object in view is to provide some place which might afford amusement and pleasure to visitors and residents during the winter months of the year.

ARRANGEMENTS FOR REMOVING HINDUS
(Special to The Times).
Vancouver, Oct. 16.—J. H. Harkin, of the interior department, who is arranging for the deportation of all the Hindus in British Columbia to British Honduras, left yesterday for the latter place accompanied by two Hindus. On his arrival there final arrangements will be made to remove the Orientals from this province.

BRINK LEADS TO SUICIDE.
Whitby, Ont., Oct. 15.—W. Cawker, a butcher, committed suicide last night by hanging himself. He had been drinking heavily for some time and several times had threatened to kill himself. He was 50 years of age.

WAS 60 YEARS IN GUELPH.
Guelph, Ont., Oct. 16.—Capt. George Bruce, for 60 years one of the leading business men here, is dead, aged 79. He leaves a widow and four children.

The Orangemen of this city are holding a raising meeting this evening in their lodge rooms at the A. O. U. W. hall at 8 p.m. Every Orangeman of the city is requested to attend. There will be speakers from Vancouver, and a very interesting and instructive entertainment is promised.

GOVERNOR GENERAL'S MUSICAL COMPETITION

Tests Will Be Made in Montreal, Commencing April 19th.

Arrangements are being made for the next competition in connection with the Earl Grey Musical and Dramatic Trophy. According to the notice sent out by the honorary secretary, F. C. T. O'Hara, Ottawa, the third annual competition will take place at His Majesty's theatre, Montreal, during the week commencing April 19th, 1909. The competition is open to all amateur companies in Canada and Newfoundland. The executive committee, however, reserve the right to reduce the number of entries from any one city or province in case the total number of entries exceeds the number which can be conveniently accommodated during the week of the competition. All entries must be filed with the honorary secretary on or before April 1st, but it is especially desired (1) that all companies intending to compete should notify the honorary secretary at the earliest possible moment, and (2) that no entry should be made until the company is reasonably certain of being able to compete. Serious embarrassment will be caused if companies drop out at the last moment. Each company must state for which trophy it desires to compete, and comply with the rules applicable thereto.

Miss Margaret Anglin, the well-known actress, has generously offered a bracelet to the lady who, in the opinion of the judges, is the best actress taking part in the competition. The length of each entertainment shall not be less than one hour and not more than one hour and a half, including all intervals for changes of scenery, encores, etc., etc. The character of the entertainment (musical or theatrical) shall be subject to the approval of the executive committee. The maximum number of performers in each musical or dramatic company shall be limited to 100. In the case of a dramatic production, the minimum number of speaking parts shall be six. Each company entering the dramatic competition shall comply with the following conditions: No person who has within the past five years lived by the profession of the drama is eligible. It is not intended to exclude players who, while the drama is not their main calling, have accepted nominal pay from amateur dramatic associations. The stage manager only may be a professional. Each company entering the musical competition shall comply with the following conditions: Companies of from twenty-five to fifty members inclusive, may include four professional singers or eight professional instrumentalists, or both in the same proportion, and companies of from sixty to 100 members ten per cent professional singers, or 20 per cent professional instrumentalists, or both in the same proportion, provided these professionals are bona fide members of the organization entered for the competition, and are not paid for their services in the competition performances or the rehearsals there-

for. Companies under twenty-five must not have any professionals. Any person who has within the last five years lived by the profession of music, or been paid for services as soloist at concerts is to be classed as a professional. Musicians who, while music is not their main calling, have accepted nominal pay from church choirs or amateur musical organizations may be classed as amateurs. Orchestras, bands and choirs which, as such, have been paid at any time for performances, either private or public, shall be excluded. Conductors, so long as they are the regular conductors of the organization entered, may be either professional or amateur, and be paid for their services. Choirs or orchestras may have either professional or amateur orchestras as accompaniment, but if the former, the orchestral work shall not count in the score except for general effect. The choral or instrumental programme shall be left subject to the appeal of the executive committee, to the choice of the competing organizations, but it is suggested that choirs should choose some choral work, or part of one. The executive committee will, however, select one short piece of music for choirs (for male, female, or mixed bodies), and another for instrumental organizations (string or brass), which shall be included in the programme. The selection will be made in ample time for the necessary rehearsals. This clause does not apply to opera companies.

The following are the principal qualities by which the dramatic competition will be judged: 1. Excellence of the company in acting together as a unit. 2. Grace or ease of carriage and manner. 3. Diction. 4. The promptness of entrances, exits, and the picking up of cues. 5. Dress. 6. Make-up. Each competing company is expected to pay its own expenses, and as the various companies are representing their respective cities or towns for the honor of winning His Excellency's trophies, it is possible that municipalities sending such representative companies may assist in defraying all or a portion of their expenses. The active members of all competing companies who have travelled more than ten miles will be given free admission to all performances. Hereafter, the railways have given a rate of a single fare for the round trip to competing companies, and it is expected that this will also be arranged next year.

The following constitute the executive committee: Chairman, Sir John Hanbury-Williams, K.C., V.O., C.M.G.; competition, John S. Ewart, Esq., K.C.; reception, C. Berkeley Powell, finance, J. W. Woods; transportation, Lt.-Col. J. Lyons Bigger; publicity, T. Norman Smith; music, Charles A. E. Harris.

PUBLIC NOTICES IN THIS WEEK'S GAZETTE

Appointments Made by Government—Companies Incorporated.

Notice of the following appointments appear in this week's Provincial Gazette:

David Henry Hoy, of Nechaco, to be a justice of the peace in and for the province of British Columbia.

John Dunham, of the town of Atlin, to be a court of revision and appeal for the Atlin assessment district, in the place of William Crichton Stuart Hathorn, resigned.

To be notaries public for the province of British Columbia: Ashley Noel Wilton, of the city of Vancouver, and Arthur Okell, of Creston.

The resignation of Augustin M. Pinkham, of the city of Revelstoke, as police magistrate of Revelstoke, is accepted from the 6th day of October, 1908.

Approval is given to the change of name from the "Taylor-Patterson Mill Co., Ltd." to that of the "Cameron Lumber Company, Ltd."

Notice from the Canada Gazette appointing November 8th as Thanksgiving Day, appears.

The following companies have been incorporated:

Adams-Powell Timber Company, incorporated at \$100,000.

Green, Courtney & Skene, capitalized at \$10,000.

Kootenay Jam Company, with a capital stock of \$50,000.

Kootenay Telephone Lines, with a capital stock of \$200,000.

Portland Canal Mining Company, capitalized at \$1,000,000.

Tip Top Mining Company, with a stock of \$150,000.

The Corbin Coal & Coke Company, of Spokane, has been given registration as an extra provincial company with J. A. Harvey, of Cranbrook, as attorney for the company.

Eugene F. Phillips Electrical Works, of Montreal, has been registered as an extra provincial company with Frank Laing, of Vancouver, as attorney for the company.

FIGLITS ARE SOLD ONLY ALUMINUM BOXES

THE PROPER WAY TO PREVENT DISEASE IS KEEP THE SYSTEM CLEAN.

When you take two FIGLITS night and morning you are assisting Nature to assert herself.

FIGLITS are tiny, tasteless pellets of purely vegetable properties which act quickly and naturally upon the bowels. Those suffering from constipation get immediate relief after two FIGLITS, and a permanent cure if directions inside box are followed.

All good druggists sell FIGLITS. Twenty-five in each aluminum box for 25 cents.

LOGGER CRUSHED BY TREE.

Fernie, B. C., Oct. 15.—John Balbo, an employee of the Fernie Lumber Company, was badly injured this morning while working in the woods. He was felling a tree, and before he could get out of the way it fell across the lower portion of his body, breaking a leg, besides injuring his hip badly. He was brought into Fernie and sent to the hospital in Hosmer.

Enjoy Life

Good health makes good nature. If everyone had a sound stomach there would be no pessimists in the world. Do not allow a weak stomach or a bad liver to rob you of the joy of living. Take

BEECHAM'S PILLS

and the world laughs with you. No need then for rose-colored glasses. Beecham's Pills start health vibrations to all parts of the body, while putting a ruddy tint on lips and cheeks. There's health in every box. Health for every man, woman and child. Beecham's Pills

Stanfield's Underwear

(Chapter 4)

Spinning the Yarn

The Stanfield mills are monuments to the value of good machinery. The wonderful spinning machines do an incredible amount of work, and do it better than even the best spinning wheels can do.

As the Maritime farmers send their best wool to the Stanfield mills, it is washed—carefully sorted—and shrunk. It then goes to the combing machines, which comb out all short lengths, weak strands, and leave only the toughest, springiest wool.

This goes to the Spinning Machines, where 18 machines do the work of 16,546 women with spinning wheels.

It is by using such improvements that Stanfield's Unshrinkable Underwear can be so good and yet cost so little.

The pure Nova Scotia wool—the best in the world for Underwear—insures warmth, comfort and ease. The Stanfield process of taking the shrink out of the wool, before the garments are woven, makes absolutely unshrinkable underwear.

The Stanfield way of combing, knitting, cutting, and sewing (which will be described later) insures the completed garments being satisfactory in every way.

Stanfield's Underwear is made right here in Canada. There is no duty to pay on it. It is made by Canadians, who know what Canadians need in the way of protection for Canadian winters.

It is made in all sizes for men and women—
from 22 to 70 inches.

RED label means light weight—BLUE label means medium weight—BLACK label means heavy weight. Your dealer has all sizes and weights, or can easily get them for you.

MISS CAMERON RETURNS FROM FAR NORTH

Makes Trip to Mouth of Mackenzie River and Across Peace Valley.

"What sort of a woolly outfit is that?" a newcomer asked as the mud-spattered Athabasca mail stage drew up at the Alberta hotel, and a red-coated member of the R. N. W. M. P. dismounted, leaving behind him a motley collection of Stetson-hatted passengers, says the Edmonton Bulletin.

One of the passengers in Stetson hat and khaki outfit, coat turned out to be Agnes Deans Cameron, who is now returning to Chicago from a most interesting trip clear up to the mouth of the Mackenzie river and across the broad Peace river valley. Miss Cameron left Edmonton, it will be remembered, early last June, accompanied by her niece, Miss Brown. Both ladies returned bronzed, healthier, heavier, and a Bulletin reporter said they would now heartily recommend the Arctic trip to anyone looking for a pleasant tourist route off the beaten path.

Miss Cameron engaged last spring to write a series of articles upon the magnificent country lying undeveloped between Edmonton and the Arctic Ocean. These will appear in the Saturday Evening Post, and other publications. But in addition to this Miss Cameron intends giving a series of illustrated lectures on the fertile hinterland in various cities of Canada and the United States. To this end she has secured over five hundred views. Additional interest will be lent these by the fact that these photographs were taken by herself and that at many points visited she was the first white woman to penetrate so far into this silent places of the north.

The trip down the Mackenzie was made in the Hudson's Bay Company's steamer, and Miss Cameron and her companion express their delightful surprise at the comforts enjoyed by them en route. But not all of the three months' trip was accomplished so comfortably, though it was in every phase enjoyable. Cammer and Brown and democrats were among the conveyances used. Stops were made at Fort Chipewyan, Fort Smith, Fond du Lac, Fort Simpson, Fort Providence, Fort Good Hope, Fort McPherson, and when returning by way of the Peace river the party visited Fort Vermilion, Peace River Landing and Lesser Slave lake.

In all Miss Cameron on her return to Chicago, will have covered 10,000 miles, and has collected a great deal of valuable material for her literary work.

The two most vivid impressions brought back by Miss Cameron, from the north is that of the superb country, rich in natural resources, lying between us and the Arctic Pole, and also of the indescribable and delightful hospitality and cordiality of the people of the Northland—the Hudson's Bay traders and factors, and the missionaries of the various posts as well as the settlers met with.

SALMON RUN CONTINUES.

New Westminster, Oct. 15.—Sturgeon fishing for this year is now practically ended, although considerable earlier than last season. The reason for this appears to be that the run commenced earlier this year than last. It was also much heavier and more attention was paid to this fish than for many years past.

Salmon to-day have fallen off considerably in numbers, although the run is still strong. The cold storage plants

Watson's Dundee Whiskies

Quality, the Cornerstone

SINCE its foundation, the name Fit-Reform has ever stood for quality. The Suits and Overcoats, in the Fit-Reform Wardrobe, furnish a criterion by which all others may be judged.

Fit-Reform styles—Fit-Reform effects—Fit-Reform patterns—Fit-Reform values—stand today, as they have stood for years, unmatched and unequalled.

RECKLESS SPORTSMEN.

South Spanish Municipal Authorities
Lodge Complaint With Provincial
Police.

Complaint has been made to the provincial police by the municipal authorities of South Spanish that sportsmen from the city shoot as close to dwellings as to endanger the lives of the inmates. It is said that in several recent instances farmers who have protested have met with nothing but abuse, and they now have the municipality behind them in urging action by the police.

It has also been reported to the police that shooting is frequently done on enclosed land without the permission of the owner being obtained.

The regular meeting of the Anglican Young Peoples' Association was held on Wednesday evening in the St. John's hall. A considerable amount of business was discussed and two new members were admitted. The latter part of the evening was spent with Longfellow. Miss M. Johnson, who had charge of the evening, read an interesting paper on "The Life and Works of Henry W. Longfellow." Songs were contributed by T. Stetch and the Misses Andrew. Selections were read from "Hilary's" and "Ryngel's" by W. Kidner, while A. Little gave a reading from "Tales of a Wayside Inn." A recitation, "The Slave's Dream," was given by Mr. Robinson. The next meeting will be held in the St. John's hall next Wednesday evening.

EMPRESS CONFECTIONERY

1323 GOVERNMENT STREET

Phone A1798. Next Goodacre's

Tenders will be received by the waterworks department up till 4 p. m. on Monday, November 30th, for a large amount of lead pipe and brass goods to be used in house connections.

At the regular meeting of Victoria Lodge, No. 17, K. of P., held last evening at Castle Hall, the rank of Esquire was conferred upon six pages. At the next regular meeting seven applications for the Knight rank will be received.

The city new slow-burning are lamps recently received are being installed by the city electrician in the district east of Blanchard street, which still has the old lamps. They will be in use next week.

A request is being made the city council by Dr. Robertson, medical health officer, for a disinfecting apparatus for the treatment of clothing from houses where there has been a contagious disease. The present practice of formaldehyde disinfection is said to be inadequate and too slow. In up-to-date civil disinfecting plants steam pressure is used for clothing; as being complete and speedy.

The monthly meeting of the Campaigners' Association will be held in the drill hall this evening, when several matters connected with the Dominion government's land grant will be considered. Final arrangements will also be made for the celebration of the anniversary of the battle of Inkerman on November 25th, on which occasion all the Crimean veterans hereabout will be guests of honor.

As it is only about two months until Christmas it is not too early to lay in a stock of presents for friends, Dainty and select novelties and fancy needle work will be offered for sale at the Aged Woman's Home bazaar on Tuesday and Wednesday of next week. Friends of the institution in other parts of the province, as well as Montreal and Eastern cities, are sending boxes of beautiful goods. Plain goods, too, are daily coming in, so that by the 20th the tables will all be well stocked. Prices will be very reasonable, so that all will find articles to suit their means, and should be on hand early to make their selection.

Miss Edith M. Bell will to-night give a lantern lecture at the Y. M. C. A., entitled "Sunshine and Shadow," dealing with the successful work of the Shaftesbury Society and R. S. U. among the crippled poor children of London. Mr. Ritchie will operate the lantern, and Miss Bell brings letters of introduction from Sir John and Lady Kirk and would like to meet as many of their friends as possible. As she bears a warm message of greeting to the Victoria auxiliary, Miss Bell will address the Metropolitan Sunday school on Sunday at 3:30.

WORK ON NEW MAINS IS BEING RUSHED

Tenders for Pumps Will Come Before Committee To-night.

Work is being rushed on the laying of the twelve-inch main on Government street, between Johnston and Herald streets, will be completed within a day or two. A gang of thirty men has started to lay the eight-inch main on Blanchard street, from Broughton street to Herald street. The main on Broughton street is laid and the next one to be undertaken is that on Wharf street and Store street north to Pembroke street.

These mains will be some 16,000 feet in length. The tenders for the pumps are to come before the streets, bridges and sewers committee this evening, when the contract will likely be awarded.

The fire wardens will ask council to secure a pump which will enable the mains to be tested up to 200 pounds pressure, the contract requirement, the fire engines only developing 180 pounds.

"THE MAN OF THE HOUR"

A Good Play Promised by Management of Victoria Theatre.

"The Man of the Hour," George Broadhurst's play, will be seen at the Victoria theatre on Monday next.

"The Man of the Hour" is a timely play, full of dramatic incidents, with plenty of comedy and telling a story of human interest. The central theme of the story is the passage through the city council of the town where the action of the play takes place, of a bill giving a perpetual franchise to a street railway. The mayor's signature is all that is necessary to make the bill a fact, and the "machine" has elected to the office, after a hard fight, a rich young man who they thought could be easily "handled." He proves honest, however, and although all kinds of pressure are brought to bear, steadfastly refuses to make the proposed measure a law.

The love interest in "The Man of the Hour" is that of the young man for the niece of the financier who is responsible for the bill. She has told her lover that in order to win her hand he must prove worthy, but it is at the risk of jeopardizing her fortune and losing her as well that the young man keeps up the fight of his life.

PLUCKY MESSENGER BOY.

Although Injured in Collision, is Anxious to Deliver Message.

A messenger boy was on his way to deliver a message at the Union Club about 8 o'clock last evening, when, at the corner of Government and Broughton streets, he collided with another bicyclist. The machines and riders came down in a heap, the messenger lad at the bottom, badly stunned and bleeding profusely.

Constable James Palmer helped him up and wanted to take him back to the office, but the plucky lad insisted that he must deliver his message first. "I must take my message," he said. "I can't go back and say I had to quit." The crowd which had gathered applauded his determination, but Constable Palmer, saw he was pretty well shaken up and took him to the messenger company's office, when another boy was sent with the message.

"THE FLAMING ARROW"

Play Dealing With Frontier Life Presented at the Victoria Theatre.

Provided with some majestic scenery and a picturesque display of costumes, the slightly over-dramatized "Flaming Arrow" was presented at the Victoria theatre last night by L. J. Carter's company to a moderate audience, which found considerable pleasure in the humorous characters of Snowball, Miss Belinda and Jerry O'Brien, while the tragedy of the story was not sufficiently realistic to make a vivid impression. The company is not a first class one. The situations in the drama appeared forced and strained, the only character not suffering in this direction being that of Snowball, a colored lad. The play is full of half-suspecting escapes, through the timely appearance of rescuers, from Indians and the villain and ends with the happy ever after embrace between the heroine and her lover.

The Emergency Club will hold a sale of work on Tuesday afternoon, November 3rd, at the Balmoral hotel. A good programme is being prepared.

The bazaar to be held on the 25th October by the ladies of the First Presbyterian church promises to be a great success. Refreshments will be served during the afternoon and evening and a good musical programme rendered.

The Provincial International Sunday School convention will take place at New Westminster from the 20th to 22nd inst. The names of delegates from the schools in this city should be forwarded at once to F. O. Canfield, of the above mentioned city. Free entertainment will be provided by the Sunday school workers of New Westminster. Delegates must purchase a single fare ticket and secure from agent, when purchasing, a standard certificate which on being signed by the secretary, will procure the reduced return fare.

FINEST BRED DOGS IN WORLD

MALLWYD MAJOR AND
MALLWYD SHOT ARRIVE

Local Men Have Purchased
Aristocrats of Their
Species.

Mallwyd Shot and Mallwyd Major are the two highest priced dogs ever imported into Canada, have been purchased by T. P. McConnell and J. S. Hickford, of this city, and arrived from Liverpool yesterday. Mallwyd Shot is now at Mr. McConnell's house, 526 Michigan street, and Mallwyd Major is kennelled at Mr. Hickford's residence, 2 Alderman road. The dogs were bought from Tom Stedman, Dinasmawddy Merionethshire, Wales, the famous breeder of setters and pointers. Both are prize winners, and will add greatly to breeding of local dogs.
Mallwyd Shot is by Champion Fascally Wag, out of Mallwyd Glory, while Mallwyd Major is by Champion Coron-

MALLWYD SHOT.

Aged 15 Months, at Work on Point, owned by T. P. McConnell.

ation, which was beaten only by Champion Fascally Wag, which has never yet been beaten. Mallwyd Glory is now in New York, where her puppies are bringing \$200 apiece.

Mallwyd Shot is but thirteen months old, and has obtained two firsts and a special at Maclyneth, Wales. The dog possesses a wonderful head, neck and front, the attributes so far always lacking in Canadian bred dogs, and will provide the necessary features for local breeding purposes. The dog has been worked on the field, and as seen in the reproduction is on-point. Mr. McConnell, the owner, intends taking the animal out on Sunday, and is well satisfied with his purchase.

Mallwyd Major was reckoned the best English setter in England up to the time of leaving for this city, and has one of the best heads of any setter in the world, having been pronounced better than Mallwyd Bob in this respect. The new importation is three years old and field broken. The breeding is by Mallwyd Sailor, out of Mallwyd Queen, the latter from Champion Rumley Rock, out of Orange Girl. The importers of the two dogs, Messrs. Hickford and McConnell, have in view in their purchases the object of improving the breed of local dogs, and towards this end can now breed on to the Mallwyd Bob strain and obtain any class of dog required. Dog fanciers will doubtless hail with pleasure the importations. Many are already going to see the dogs at their respective kennels. Both are about as fine specimens of their class as can be seen anywhere in the world, and should do much towards increasing the interest in setters and pointers locally.

GOLF.

U. S. LADY CHAMPION.

Philadelphia, Pa., Oct. 16.—Miss Margaret Curtis, of the Essex County Club, the present national golf champion, yesterday defeated Miss M. D. Adams, of the Wolaston County club, for the President's cup, in the final match of the Huntington Valley County Club's golf tournament. Miss Curtis won by 2 up and 2 to play.

BOWLING GREENS TO BE LAID AT BEACON HILL

Famous Old Game Will Be Established in Victoria This Year.

A request was made to the park board last night for permission to establish up-to-date bowling greens at Beacon Hill park. No answer could be given the request, however, as there was not a full attendance. William Oliphant, the advocate of bowling, stated that there are a number of enthusiasts in this city who are anxious to see the old game established here. In the particulars given the board he said the space required at the park would be about 100 by 100 feet, which would have to be drained and set with slinkers upon which the soil and turf would be placed. The space specified, he said, would give room for eight rinks. The rinks would have separate drainage, and the whole surrounded with a low fence or a hedge, and provided with a club house. The spot asked for is near the plot of the Albion Cricket Club, and the advocates are prepared to provide all funds required.

Mr. Oliphant, who was accompanied by Mr. Young, says there are 200 per-

RUGBY AT OAK BAY TO-MORROW'S FEATURE

City and James Bay Teams Meet in First Game This Season.

With the league team at Ladysmith, the City team will be the attraction of the match at Work Point where the Regiment will play the Garrison. The Bays want a game for to-morrow and may hitch up with Cedar Hill or some other eleven to-day.

With soccer out for the day the principal attraction will be at Oak Bay, where the city and J. B. A. A. Rugby team, the only two in the city, will meet for the first time this season. There is considerable personal rivalry between the two clubs and they are sure to provide a willing game whether it is a close one or otherwise. The play will commence at 2:30 p.m. The teams are:

City—Fullback, Ronch; three-quarters, Messers, Cooper, Meredith, Davis and Gillespie; halfbacks, Graham, and Cohen; forwards, Sparks, Duna, Graham, Graham, Rattery, Plummer, Harris, Spaulding and Parker.

James Bay—Fullback, Johnston; three-quarters, Vincent, Thompson and Hopgood; five-eighths, Bendroft, Tait; halfback, Newcombe; forwards, O. Nason, L. Sweeney, Loat, Arbuckle, Campbell, F. Sweeney, Dinsdale and Brynjolfson.

Referee—J. C. Barnacle.
The two teams look fairly good with the exception that the Bays' forwards are very light for the team they are up against. The City men are practically the same team as placed at the Can- teen ground a week ago and scored 35 to 0 against the Algonquin team.

The Ladysmith team which will meet the city eleven has not yet been made public, but as three eastern players from Winnipeg passed through here last week to join the team the Ladysmith line up will probably be changed considerably from what it was at the time of the match played down here and from reports to hand will be stronger. No forecast can be given on the game without a sight of the local men's opponents. There are many, however, who say they do not need to know the team to pick the winners, and say there is nothing in it but Ladysmith. However, Victoria has a crowd of supporters also who say the boys are going to put up a strong game with the object of retrieving their loss of September 26th.

Second Division.
At the Royal Athletic ground the North Ward and the Baraca teams will meet. The game is to commence at 4 o'clock. The North Ward team is—Goal, T. Menzies; fullbacks, J. Dakers and McCarter; halfbacks, McDonald, Brynjolfson and F. Brown; forwards, J. Dakers, Cousins, A. Dakers, McGregor, Taylor. Substitutes: A. Haynes, Russell, Johnson, Sprague and Johns.

Australia may win eighty-five per cent of the support of the local clergy and the Mayor and aldermen, who have applauded the action of the players in abolishing Sunday football. The players feel that the councillors and their other supporters in their former action would like to continue to support them now that their efforts in keeping the city youths clean from the contamination of Sunday sport are not only in Victoria but in the other cities of British Columbia have been successful.

The foregoing statement was made yesterday afternoon by the delegates of two of the local soccer clubs who, speaking for themselves and for a large majority of the association foot-

ball players of the city, said the general opinion among the players was that the people had been so interested in their fight against Sunday games and had congratulated them so highly on the success of their campaign, that they felt sure their appeal to these interested parties would meet with the same spontaneous response as had their united action in killing Sunday football throughout the island and in Vancouver.

The league needs financial assistance at the present time more than it ever needed it in the history of the Victoria football and through their action in turning down the big Sunday gates at Nanaimo, Seattle and Ladysmith, the local league finds themselves with a debit on the ledger and also facing the expense of sending the team to Ladysmith on Saturday next. The delegates of the clubs and the officials of the league executive say that there is no time-like now at which they would so welcome financial support from the public and towards this end the holding of the social dance at Victoria West was proposed. The night selected is Thursday next, and the amount required to be raised is \$250. There will be five hundred tickets issued at half a dollar each. The officials say they think with the valuable support of the clergy who upheld them in their recent action and commended them upon the great results of their fight, and of the city council who passed a resolution of commendation on their action, that they will be able to see financial success ahead for the end of the season. The executive therefore asks that everyone in the city will respond to the invitation to purchase a ticket for next week's event.

ROCKEY.
PRACTICE MATCH TO-MORROW.
The local hockey players will hold a practice match at Oak Bay to-morrow afternoon, when all numbers are requested to attend in view of the approaching opening of the season's programme which takes place on November 14th at Oak Bay against Seattle.

Soccer Men Think Request for Financial Help Will Meet Approval.

The soccer dance to be held next week at Semple's hall, Victoria, West, is expected to raise some \$250 towards the season's expenses of sending the club away to the other four cities which are in the Pacific coast league.

MALLWYD MAJOR.

Three Years, Field Broken, Imported by J. S. Hickford.

Towards making the event a big success the local league intends to request the support of the local clergy and the Mayor and aldermen, who have applauded the action of the players in abolishing Sunday football. The players feel that the councillors and their other supporters in their former action would like to continue to support them now that their efforts in keeping the city youths clean from the contamination of Sunday sport are not only in Victoria but in the other cities of British Columbia have been successful.

The foregoing statement was made yesterday afternoon by the delegates of two of the local soccer clubs who, speaking for themselves and for a large majority of the association foot-

ball players of the city, said the general opinion among the players was that the people had been so interested in their fight against Sunday games and had congratulated them so highly on the success of their campaign, that they felt sure their appeal to these interested parties would meet with the same spontaneous response as had their united action in killing Sunday football throughout the island and in Vancouver.

The league needs financial assistance at the present time more than it ever needed it in the history of the Victoria football and through their action in turning down the big Sunday gates at Nanaimo, Seattle and Ladysmith, the local league finds themselves with a debit on the ledger and also facing the expense of sending the team to Ladysmith on Saturday next. THINKS JOHNSON IS BURNS' HARDEST TASK

English Writer Says Big Colored Man is Ideal Boxer.

A sporting writer in an English paper has the following to say in regard to the boxing champion, who is the world's champion:

"I saw Johnson for the first time last week—it was his last appearance in England before leaving to join the Ortons at Marseilles, en route for Australia—and my impression is that he has been aptly termed the 'champion colored fighting machine of the world.' Johnson is at once the ideal of a boxer—a big head set firmly on massive shoulders, long, enormously muscular arms, and then he tapers away like a post. I regard Johnson as a great two-handed fighter; his side-stepping is a pleasure to watch; he has a tremendous reach, and, big heavy man though he is, I think he will prove as 'hippy' in the ring as Burns. And I am not alone in my opinion. At Johnson, for there are many others who believe that if he does not actually beat Burns the Canadian will certainly be up against the toughest proposition of his career. But whatever happens, spectators should see the greatest fight for the biggest purse of recent years. It is difficult for us to draw a line between the two men. We have seen Burns seriously engaged in the ring; we have only seen Johnson spar, and there is a vast difference between seriously fighting and sparring.

"We know Burns to be a great natural boxer; a greater boxer perhaps, than he is a showman, which is saying a good deal.
*Win or lose this fight in Sydney.

Johnson returns to England early in the New Year, when his fight with Sam Langford, another colored champion, of whom we have a high opinion, will be the event of the boxing season, which opens next month.

LINER ARRIVES FROM FAR EAST

KAGA MARU BRINGS VALUABLE CARGO

Passengers Report Depression in Trade—Young Chinese Reform Party Active.

Nippon Yusen Kaisha liner, Kaga Maru arrived in port this morning about 8 o'clock and left again for Seattle, after unloading two hundred tons of mixed freight. She reports having had a very fine trip, and although she started two days late she came in almost on time. By getting away quickly from this port she was enabled to make up another half day.

About five days out from Yokohama rough weather was experienced which lasted two days, but since that the passage was very favorable, except that the temperature was rather low.

There were but four passengers for this port and these were Japanese. Three of these, a woman and child, and one man, were returning from a visit. This is a clear indication that the emigration from Japan to this country has been stopped.

The Kaga Maru was filled to the hatches with freight and also carried a full list of passengers. She brought 4,000 tons of mixed goods in all, the most valuable part of which was a shipment of 1,500 bags of raw silk, valued at \$400,000 in gold per bale. This will be all shipped to the east. The freight that is going to Vancouver was unloaded here and taken over to the Terminal City by the steamer Otter.

Word was brought by passengers on the liner of the depression in business in the east. Hundreds of firms have failed during the last few months and business is almost at a standstill. This is particularly noticeable at Singapore, at the south end of the Malay peninsula. There the chief industry of the people is tin mining. The mines are conducted largely by Chinese and European firms. While tin was selling at a good figure, they made money and became reckless. Then when the price went down to half of what it was originally the mine owners lost money faster than they made it previously and most of them have had to shut down temporarily or go out of business. The result has been disastrous to the whole community. A large part of the business was done on a credit system and the pinch was felt quicker than in a country where cash is king.

Among the passengers was George Frankfort, of Helena, Montana, who has been making a tour of China and Japan studying the conditions in these countries. He says the Japanese are developing very fast. The country is fully awake and will be a great power both in business and in politics in the near future. Big preparations are being made to welcome the American fleet. The steamer passed eleven Japanese gunboats which were off Yokohama, waiting for their guests. The whole country, he was told, was going to keep holiday when the big fleet arrived.

Speaking of China, Mr. Frankfort said he found signs of awakening but not to anything like the extent he did in Japan. Like the Young Turkey party, there was a Young Chinese party of reformers who were entering into the western spirit. These were their hair short and adopted the western style of dress. Many of them visited the western centers of education for the purpose of bringing themselves in touch with the latest methods in every walk of life, and were doing wonders in raising the rest of the country out of its long lethargy. He thought it would not be long before the millions of China would be as stir something like the Japanese are.

CANNERS CLOSED.

Steamer Venture, which arrived yesterday and left again last night, brought down 11,000 cases of salmon from the north as well as a full list of passengers. She made a fair trip, but having to call twice at Bella Coola and Kinsquid delayed her considerably. Robert Johnson, manager of the Heaver Cannery at Rivers Inlet, was a passenger. Mr. and Mrs. Jacobson, of Bella Coola and a number of other passengers, landed here.

The steamer brought 150 Chinamen from the canneries in the north which have all closed down for the season. There are still many cases of salmon to be carried south.

TEES CAME IN WITH MANY PASSENGERS

Steamer Has Stormy Trip, Arriving in Port Two Days Late.

Mr. and Mrs. W. Shaw, who were thought to have been lost at the north end of Vancouver Island, arrived in port last night on the steamer Tees. They had a hard time in their little launch, and the wreckage that was found was the decking of the boat which had been torn away by them in order to give it more chance against the heavy sea.

The Tees made the long trip to Cape Scott and way ports, and had a generally hard run. The difficulties commenced very soon after she left Victoria, when a bolt coming out of the eccentric, the rod was badly bent and had to be taken off and straightened. The Tees was not without her troubles, so that, except for the five hours' delay there was no damage done. Later on head winds and fog caused further delays. The worst wind was experienced when the steamer was coming out of Winter Harbor, Quatsino Sound. The gale was so strong that the steamer found it necessary to turn back and wait until the wind had somewhat abated.

The Tees brought down a big cargo of whale product from Sechart. There were 211 barrels of whale oil, 60 barrels of fins and tails, 10 barrels of blubber, 22 barrels of walrusbone and 202 barrels of salted whale meat, as well as one big tub of meat. The meat is prepared for the Japanese market. Whales are not being caught as fast as they were earlier in the season, but no less than 244 have been captured at Sechart and 318 at Kyquoot, making a grand total of 562 for the season up to date. It is not expected that many more will be caught before closing down for the winter.

Following passengers came down: Mr. and Mrs. Shaw, T. Pearson, of the Quatsino Coal Syndicate; W. F. Gibson, who is interested in fire clay at Kyquoot; J. O'Donoghue, T. Marks, F. Nichols; Mr. Simpson, G. Foxall, Mr. Smith, Mr. Taylor, T. G. Rupp, R. G. Millin, J. L. Parker, E. Davis, Mr. and Mrs. Reeves, J. Ferguson, Messrs. Lewis, Huff and Bloomquist, Jno. Bray, F. Ferguson, Jno. Allen, Bert Stevens, Mrs. Osborn, Mrs. Smith, T. M. Baird, and seven men from the Graham Lumber Company's camp at Port Renfrew. The steamer will leave again to-night at 11.

SEARCH FOR BODIES OF WRECK VICTIMS

Efforts to Recover Remains From Submerged Barque Prove Unsuccessful.

News that further efforts to recover bodies of victims of the wrecked cannery barque Star of Bengal had been fruitless was brought to Seattle by the steamer Cottage City, which arrived in Seattle yesterday afternoon.

When the survivors left the scene of the disaster not many bodies of the 111 unfortunate who were drowned or killed had been washed ashore and buried in the beach. Among the bodies unrecovered was that of Norman Hawkins, a machinist, brother-in-law of Superintendent Bell, of the Wrangell cannery. Superintendent Bell offered a reward of \$1,000 for the finding of the remains of his wife's brother.

This offer induced two men to go from Shakan to the desolate shore of Coronation Island, where the great hull lies submerged and broken in three pieces. These sturdy fishermen made every effort to find the corpse, but there was such a heavy swell that it was impossible to accomplish their object. They returned to Shakan, where Capt. A. C. Jansen, of the Cottage City, heard their story.

A shanty scene was presented to the two searchers, for they state that they could plainly see the bodies of three men in the water not far from the shore. At low tide the heads of the corpses showed above the surface. It was evident that the bodies were wedged in wreckage. The men made every attempt to disentangle the remains, but on account of the heavy surf they had to return unrewarded. They report that two of the corpses are those of Chinamen and the third that of a white man. Whether it is Norman Hawkins or not they were unable to learn.

The Cottage City came from Skagway, via ports, with 203 passengers, of whom 126 were first-class, at Vancouver thirty-one first-class and sixty-eight second-class embarked. Among the passengers were many well known mining operators from the interior, while the steerage included a large number of Chinese cannery employees. The Cottage City's passenger list is the largest brought from Southeastern Alaska this season.

The steamer's cargo consists of 11,000 cases of canned salmon. In gold she brought \$500,000 in the mail and \$150,000 by express.

Capt. Jansen reports some heavy weather along the Alaskan coast. Heavy gales from the southeast and southwest bothered the liner. Three times she was compelled to heave to, once in Chatham strait and again in Clarence strait. The worst storm was encountered off Cape Fox, Dixon entrance, where it blew with great force and there was a very high sea.

Steamer Amur arrived in Vancouver yesterday with a full complement of passengers and 8,000 cases of salmon. She is expected here this evening.

FIRST SEALER RETURNS HOME

SCHOONER JESSIE ARRIVED LAST NIGHT

More Skins This Season Than Have Been Taken for Many a Year.

The first of the Victoria sealing fleet of schooners to arrive this season from the sealing grounds in the lower Pacific in competition with the American barkentine, schooner, Tuff and the schooner Jess, the Tuff and Jess have about 48 hours start, but the captain of the Olympic says his craft has sailing qualities which will take him into the bay as soon as his competitors.

The contest between the Tuff and the Jess has, with but a single day zone of the two months that will elapse before their arrival is reported, stirred up keen rivalry among shipping interests and seafarers. The friends of square-rig gear as against the fore-and-aft rig contend so stoutly for their choice that it is anticipated before the ships enter port a large sum will have been wagered.

No more spectacular figure could have been selected to add interest to the race than the Olympic. The command of Capt. Evans is the only rig of its like upon the seas. It is most commonly known as a freak vessel and is classed with every known rig that is made up of yards. With four masts, the Olympic carries two sticks of yards and two masts frequently exposed as an unknown and undetermined quantity as to speed.

In spite of the peculiarities of her command, Capt. Evans declares a certainty of getting honors in the present race that will completely vindicate the designers and give the laugh to many uncomplimentary and joking remarks that have been offered the Olympic.

The Jessie spoke some of the other boats of the fleet, and from the information gathered it is probable that the total catch of the eight Victoria boats will total in the neighborhood of 4,000. This is about double as many as were caught by twelve schooners last year. The biggest and best catch of the season was that made by the Thomas & Bayard, owned by Thomas Stockham and others. This boat succeeded in killing 28 sea otter, one of the best catches of these valuable animals that has been made for many a year. Besides these the schooner took 710 seal skins. According to the present prices of the skins this will be a very profitable venture.

The following is a list of the catches of the different schooners as reported by Capt. Evans: Thomas & Bayard, 710 seal skins and 28 sea otters; Markland, 810 seal skins; Libbie, 633; Jessie, 471 seal skins and 5 sea otters; Allie, 1. Aiger, 423; Umbria, 300; Dow-Seward, 340; Pescavina, 100; total, 2,588 seal skins and 23 sea otters.

The Jessie reported that the Japanese sealers, although able to approach near the rookeries, and also allowed to use guns instead of spears, were not able to secure as many seals as were the Victoria boats. They did not seem to be as good hunters. One of these Japanese boats, the Hoko Maru, was spoken and reported 340 skins. There were 26 Japanese sealing schooners in all in Behring sea.

The following is a list of the catches of the different schooners as reported by Capt. Evans: Thomas & Bayard, 710 seal skins and 28 sea otters; Markland, 810 seal skins; Libbie, 633; Jessie, 471 seal skins and 5 sea otters; Allie, 1. Aiger, 423; Umbria, 300; Dow-Seward, 340; Pescavina, 100; total, 2,588 seal skins and 23 sea otters.

They did not seem to be as good hunters. One of these Japanese boats, the Hoko Maru, was spoken and reported 340 skins. There were 26 Japanese sealing schooners in all in Behring sea.

WATERLOO REMOVED FROM OVERDUE LIST

British Ship Spoken on Way to Manila—Other Changes.

John Hyndrop, the Merchants' Exchange observer at Point Lobo, picked up the French barque Grande Duchesse Olga twenty-four miles off port at 5 o'clock Monday evening, and the report of her arrival flashed to San Francisco at rest much speculation which had been entertained by shipping men regarding the vessel.

The Grande Duchesse Olga was overdue at San Francisco from Mexico, spoken Australia, being 104 days out. The rate for reinsurance on the vessel had been 15 per cent, but just prior to her arrival it jumped to 25 per cent. The fact that she was reported to be a good sailor, and also because she was coal laden, caused her to be placed on the overdue list sooner than a vessel carrying ordinary cargo.

Towboats were dispatched to the overdue barque as soon as she was reported by Observer Hyndrop. The cargo of coal is consigned to J. J. Moore & Co. of this city.

The sighting of the British ship Waterloo caused that vessel to be removed from the overdue list. She was spoken August 29, in latitude 14 south, longitude 47 west. The Waterloo is 143 days out from Shields for Manila.

Additions to the overdue list are barque Cadwgan, 126 days from Penco for Queenstown, 25 per cent; ship Thornhillbank, 129 days from Penco for Calcutta, 8 per cent; barque Telus, 132 days from Iquique for Nantes, 8 per cent.

Overdue Vessels.

Ship Toxeth, 227 days from Port Talbot, 50 per cent.

Ship Jupiter, 182 days from Liverpool for Pango Sound, 10 per cent.

Ship Acamuz, 174 days from Rotterdam for San Francisco, 10 per cent.

Barque Cadwgan, 126 days from Penco for Queenstown, 25 per cent.

Ship Thornhillbank, 129 days from Penco for Calcutta, 8 per cent.

Barque Telus, 132 days from Iquique for Nantes, 8 per cent.

A report has been received at the local office of the marine and fisheries department that Casey point gas buoy has drifted out of position and the light has been extinguished; also Holland rock beacon light is extinguished. These aids will be attended to as soon as practicable.

Steamer Hazelton has left Port Eslington, on the Skeena river, with all the freight that will go to Hazelton this autumn. The Port Simpson has also left with freight for points below the canyon. This practically closes the Skeena river navigation for the season.

BARQUE OLYMPIA HAS ENTERED RACE

Three Vessels Engage in Contest Across Pacific Ocean.

The barque Olympia, from Mukileto, has entered the racing race across the Pacific in competition with the American barkentine, schooner, Tuff and the schooner Jess. The Tuff and Jess have about 48 hours start, but the captain of the Olympic says his craft has sailing qualities which will take him into the bay as soon as his competitors.

The contest between the Tuff and the Jess has, with but a single day zone of the two months that will elapse before their arrival is reported, stirred up keen rivalry among shipping interests and seafarers. The friends of square-rig gear as against the fore-and-aft rig contend so stoutly for their choice that it is anticipated before the ships enter port a large sum will have been wagered.

No more spectacular figure could have been selected to add interest to the race than the Olympia. The command of Capt. Evans is the only rig of its like upon the seas. It is most commonly known as a freak vessel and is classed with every known rig that is made up of yards. With four masts, the Olympic carries two sticks of yards and two masts frequently exposed as an unknown and undetermined quantity as to speed.

In spite of the peculiarities of her command, Capt. Evans declares a certainty of getting honors in the present race that will completely vindicate the designers and give the laugh to many uncomplimentary and joking remarks that have been offered the Olympic.

REPORTS FROM WEST COAST

Cape Lazo, Oct. 15, 8 a. m.—Cloudy; calm; barometer, 29.75; temperature, 53; sea smooth. At 8 a. m. spoke the Quadra, two miles north of Seymour Narrows, southbound.

Tatoosh, Oct. 15, 8 a. m.—Quite cloudy; wind northwest, 6 miles; barometer, 29.70; temperature, 49. No shipping.

Estevan, Oct. 15, 8 a. m.—Clear; wind northwest; barometer, 29.96; temperature, 45; sea moderate; two-masted schooner to the southwest, bound southeast.

Pachena, Oct. 15, 8 a. m.—Clear; calm; barometer, 29.75; temperature, 40; sea moderate. No shipping.

Cape Lazo, Oct. 15, noon—Clear; calm; barometer, 29.91; temperature, 52; sea smooth. At 4 a. m. spoke Quadra et Trumper Bay, left for Cayen Pt. beacon at 10:50 thence to Unclath Rapids; be down off Lazo about Sunday.

Point Grey, Oct. 15, noon—Part Cloudy; light northwest wind; barometer, 29.85; temperature, 50. Out.

Princess Royal, Oct. 15, noon—Cloudy; wind southwest, 3 miles; barometer, 29.6; temperature, 52; 1 h. two-masted steamer.

Estevan, Oct. 15, noon—Cloudy; south-west fresh wind; barometer, 29.75; temperature, 51; sea moderate. No shipping.

Pachena, Oct. 15, noon—Clear; light westerly wind; barometer, 29.85; temperature, 50; sea moderate. No shipping.

SHIPPING NOTES.

Ship Ditton has been surveyed and tenders have been called for her repair. She was injured off Cape Horn.

Tank steamer Roma passed in this morning for Vancouver from San Francisco.

New York, Oct. 16—Arrived, steamer Oceanic, from Trieste.

GIVES BLOOD TO SAVE BOY.

Chauvinist Volunteers to Transfusion to Aid Injured Lad.

New York, Oct. 15—Frank Middleton, a chauffeur, responded to a hurry call from Bellevue hospital and offered himself as a means of saving the life of John Dennison, thirteen years old, whose leg was to be amputated, but had not sufficient blood to stand the operation. Transfusion was successfully performed and Middleton is seen heartily, while the boy is stronger than ever. Middleton was talking to the clerk at the clear counter in a Seventh avenue hotel when the telephone rang and request was made for a willing subject for transfusion. Many men offered at first, but when they learned that they must give up their blood the volunteers vanished. Finally three men besee Middleton went over to Bellevue, but as soon as Middleton was seen he was selected.

The transfusion was performed by opening a vein in the boy's right arm and an artery in Middleton. These were stitched together for nearly four hours. The blood from the artery pumped its way into the boy's vein because of its superior force. John Dennison will have his leg amputated as soon as Frank Middleton's blood gets him in complete good shape.

DODD'S KIDNEY PILLS

MADE BY A VERY HANDSOME KING. We recently mounted a number of very choice Pearls in this style of setting. Their appearance quite charms admirers. We would like you to see them.

PREPARING REPORT ON MINERAL CLAIMS

L. J. Parker is Looking Over Prospects on North End of Island.

(Special Correspondence.)
Clayoquot, Oct. 15.—The new settlers at Long Beach are quite enthusiastic over the future prospects of their claims. They will go in for ranching and the cultivation of cranberries. A number of the settlers attended the dance at Mosquito Harbor on Saturday night.

A large number of the Indians returned on the last boat. They had a very poor season, both at the canneries and in the hop-fields.

Very few of the Clayoquot Indians went sealing this year, and of these nearly all were on the schooner Bayard.

L. J. Parker, the manager for the Tree Copper Company at Sidney Inlet, is looking up all the prospects in the district and reporting on them to the company. The air compressing plant will soon be installed at Sidney Inlet, and the air drills working. A fine new bunk house will be built for the accommodation of the miners. They will saw their own lumber at the mill on the beach.

The Tees brought up several tons of new furniture for Mr. Dowley's new hotel.

Last spring the school trustees applied for a school district for Clayoquot. Up to the present the school has been an assisted school. When the school house was built there were only a few children, but with the increase in population the building is now entirely too small. A new school building has been promised as soon as the school inspector visits the district and reports.

Jacob Arnot is to be congratulated on having constructed such a fine wharf for the government. The wharf is now completed, and residents hope soon to see the Tees making regular calls at the townsite.

BRISK BIDDING FOR CRESTON FRUIT LAND

Valley Ranchers Buy Up Acreage in Fertile Kootenay District.

Creston, B. C., Oct. 15.—When Auctioneer C. Waterman, of Nelson, began the auction sale of British Columbia fruit lands in the Creston valley, he was faced by an audience of 500 prospective purchasers. But the hall, the largest in Creston, would not accommodate the crowd. Outside a large concourse, unable to obtain admittance, were kept posted on the proceedings within through the medium of an open window at the rear of the hall, from which the auctioneer called everything.

Creston is full of visitors from all parts of North America. All the principal fruit growing centres of the great west have their representatives here.

In open competition at the mart local men outbid the speculators from the territories. It was a revelation, because local men who are making a success of fruit culture plunked down their wealth and by their action instilled into the minds of the visitors their sound opinion of the glorious Kootenay, and Creston in particular. Four-fifths of the land offered was secured by the local ranchers. Many private sales have also been made.

MISSIONARY CENTENARY.

New York, Oct. 15.—The American board of foreign missions in annual convention at Brooklyn yesterday afternoon decided to hold its annual convention next year in Minneapolis and to celebrate in Boston in 1910 the centennial anniversary of its foundation.

NINE PERSONS INJURED.

G. T. R. Train Jumps Metals in Vicinity of Allandale.

Allandale, Ont., Oct. 15.—Three coaches of the G. T. R. train from North Bay to Toronto, jumped the track three miles north of here yesterday afternoon, turning over as they fell and injuring nine people, none fatally.

A. P. LOW IS WELL AGAIN.

Ottawa, Oct. 15.—A. P. Low, deputy minister of mines, who has been away about a year, owing to ill health, has returned completely recovered, and will resume his duties at the end of the month.

H. H. Prince Presents
THE POPULAR COMEDIAN

MR. JAMES J. CORBETT
IN THE SUCCESSFUL COMEDY IN
THREE ACTS

"Facing the Music"
Supported by a Company of Unusual
Assonances

Mr. and Mrs. Forman returned home
yesterday.

Hon. Dr. Young left yesterday for
Vancouver.

Capt. Worsnop is paying a flying
visit to the city at present.

T. S. Mitchell, Lloyd's surveyor, is
in the city at present.

H. A. Linley has returned from a
short trip to Vancouver.

A. H. Matheson, of Port Eslington,
is at the Dominion hotel.

Capt. A. F. Yates, of Nanaimo, is
pending a few days in Victoria.

Miss A. J. Kramatner left recently
for an extended trip through Mexico.

R. S. Johnson and family, of Rivers
Inlet, are guests at the King Edward.

Mr. Wm. Ferguson, of Salt Lake
City, is spending a few days in Vic-
toria.

Dr. and Mrs. Corbett and family, of
Winipeg, are registered at the Em-
press.

Who is touring Canada, is registered at
the Empress.

G. E. Foster, general passenger agent
of the C. P. R. at Vancouver, is regis-
tered at the Empress.

R. W. Babbage, representing Messrs.
Teller, Rothwell & Co., Montreal, is
at the Dominion hotel.

Mr. and Mrs. John Allen Maybigh-
ton, of Newcastle-on-Tyne, England,
who have recently been guests in Vic-
toria, have left for Montreal, where
they will remain until after Xmas.

Mrs. and Miss Gibson, of England,
who are making a tour of Canada, are
registered at the Empress.

Mr. and Mrs. J. J. Flemings, of Hon-
olulu, who are touring the coast cities,
are guests at the Driford.

Mrs. W. A. Loney left to-day on the
Steamer Princess Royal en route to
Olympia, Wash., on a visit to friends
there.

Mrs. George Simpson, of St. John's
street, who visited friends in Seattle
recently, has returned home.

J. P. Ellerton left this morning en
route for Montreal, from whence he
will sail by the Alan Inver Virginian.

A quiet wedding took place yester-
day afternoon at the manse of the
First Presbyterian church, Fort street,
when Rev. Dr. Campbell united in
marriage Mr. Alfred Edward Gale, of
South Saanich, and Isabel McAllister,
of Annapolis, Scotland.

A pretty home wedding was solemn-
ized on Wednesday evening at the
home of Mr. and Mrs. James Barker,
of Saanich, when their only daughter,
Sarah Irene, was married to
Mr. Robert Brydon, Rev. J. A. Wood,
of Saanich, performing the ceremony,
and Miss C. Corbie playing the wed-
ding march. The parlor was beauti-
fully decorated with autumn foliage
and flowers, and the ceremony took
place beneath an arch of ivy and crys-
anthemums. The bride wore a hand-
some wedding gown of cream velvet,
with a high collar and orange-blossoms,
and carried a shower bouquet of roses.
She was assisted by Miss J. Brydon,
a sister of the groom, in a dainty
bridesmaid's frock of cream crepe de
chêne, and carrying a bouquet of pink
carnations. Miss Violet Baker, a
piece of the bride, in a most becoming
gown of white organza, acted as flower
girl. The groom was supported by Mr.
James Barker, a brother of the bride.
The bride's going away gown was of
blue cloth with hat to match. Mr.
Brydon's gift to his bride was a pretty
locket and chain, and to the brides-
maid and flower-girl, pearl brooches.
And to the best man a scarf pin. Mr.
and Mrs. Brydon will reside of Ten-
nyson road.

Applications for registration as mu-
nicipal electors under the household-
ers and license holder qualifications
are not coming in very rapidly and
unless there is a rush of them between
now and the end of the month which
will seriously interfere with other elec-
tional business the total will be a long way
short of previous years. The largest
number of applications in one day,
was received yesterday, when thirteen
dozen a day represented the record.

toria, have left for Montreal, where
they will remain until after Xmas.

Mrs. John Kidd, who has been visit-
ing friends here, left yesterday for her
home at Walla Walla.

Mrs. and Miss Gibson, of England,
who are making a tour of Canada, are
registered at the Empress.

Mr. and Mrs. J. J. Flemings, of Hon-
olulu, who are touring the coast cities,
are guests at the Driford.

Mrs. W. A. Loney left to-day on the
Steamer Princess Royal en route to
Olympia, Wash., on a visit to friends
there.

Mrs. George Simpson, of St. John's
street, who visited friends in Seattle
recently, has returned home.

J. P. Ellerton left this morning en
route for Montreal, from whence he
will sail by the Alan Inver Virginian.

A quiet wedding took place yester-
day afternoon at the manse of the
First Presbyterian church, Fort street,
when Rev. Dr. Campbell united in
marriage Mr. Alfred Edward Gale, of
South Saanich, and Isabel McAllister,
of Annapolis, Scotland.

A pretty home wedding was solemn-
ized on Wednesday evening at the
home of Mr. and Mrs. James Barker,
of Saanich, when their only daughter,
Sarah Irene, was married to
Mr. Robert Brydon, Rev. J. A. Wood,
of Saanich, performing the ceremony,
and Miss C. Corbie playing the wed-
ding march. The parlor was beauti-
fully decorated with autumn foliage
and flowers, and the ceremony took
place beneath an arch of ivy and crys-
anthemums. The bride wore a hand-
some wedding gown of cream velvet,
with a high collar and orange-blossoms,
and carried a shower bouquet of roses.
She was assisted by Miss J. Brydon,
a sister of the groom, in a dainty
bridesmaid's frock of cream crepe de
chêne, and carrying a bouquet of pink
carnations. Miss Violet Baker, a
piece of the bride, in a most becoming
gown of white organza, acted as flower
girl. The groom was supported by Mr.
James Barker, a brother of the bride.
The bride's going away gown was of
blue cloth with hat to match. Mr.
Brydon's gift to his bride was a pretty
locket and chain, and to the brides-
maid and flower-girl, pearl brooches.
And to the best man a scarf pin. Mr.
and Mrs. Brydon will reside of Ten-
nyson road.

Art Classes

MR. B. EVANS has studied in the Slade
School, London University, and after-
wards in Amsterdam and Paris, and has
several years' experience as a Portrait
Painter in the New English Art Club. He
has given some private lessons in Painting
during the summer, and wishes to form
an indoor class or classes for both Draw-
ing and Painting in the winter months,
or would like to hear from anyone who
might join such a class. The terms will
be moderate.

If evening is the most convenient time,
please mention when writing.
Some paintings now on exhibition at
Messrs. T. N. Hibben's.

THE BARBER'S

SHOP

There is a small barber's shop on a

side street in the outskirts of our city.

A happy chance led us into it. No such

luck will ever lead you there, gentle

reader, if we can prevent it. The dis-

cussions that there take place are too

often interrupted by people who have

no higher motive for coming than a de-

sire to get a hair-cut or a shave. We

settle the affairs of the Empire there;

we elect members and defeat candi-

dates, we make ministers, whole cabi-

nets of them at times; we dethrone a

monarch, elect a United States Presi-

dent, raise or lower a tariff, exclude or

admit the Japanese. In our minds we

cut Mr. McPherson's hair or unscure Mr.

McPhillips' ticklers. We build a Grand

Trunk Pacific, or help Mr. Borden to

repeat the contract and chuck it into

the limbo of Grit dreams. We have

even bathed and whitewashed Mr.

Foster, and made him look clean. We

are not easily bulked, we essay mir-

acles. One of us sometimes "sees" the

vision of the world and all the won-

ders that will be," he "hears" the war

drum thro' no longer," and he gazes

ecstatically upon "the parliament of

man, the federation of the world." We

dream dreams and scheme schemes.

Another of us is a theologian and will

discuss you anything from Armenian-

ism to the Athanasian creed, and

sprinkle his discourse with Anabaptist

and numerous other isms by the

way.

Not we are not the three tailors of

Tuley street, we are the three barbers

of Guesse street. An old Trefeldrochan

chap, with a shaking hand and a trem-
bling lip plays Bolwell to our Johnson.

Twice a week we tenderly scrape his

aged face for his faithful services.

Let it not be supposed that we are

always engaged in matters of high en-
terprise. We stoop to the lowly but

necessary duties of ordinary citizens,

pass a dog by-law or kick the passers

thereof into the outer harbor. One of

us can take a hand at euchre, another

can run a Sunday school; the third can

go out at times and kill something, or

say he did. He rarely gives evidence

of his prowess, and we suspect that his

big back was killed by a silver bullet,

his big fish was landed with the as-

distance of the whole Songhees tribe,
and his one poor little quail died a nat-
ural death.

By this time, gentle reader, you will
understand that we are all human, very
ordinary human, beings.

It is time that you were introduced

to us.

First, there is Harry. He calls him-
self "ARRY." He is the head of the firm—
a little gentle, faxen-haired chap with

as nice a lot of respectable, well-con-

necting, inherited prejudices as any man

could hope to possess. His heart is

sound and his disposition jolly. He can

make a laugh or join in one, sing you a

song or catch a refrain from the music

of the spheres. He fears God on Sun-

days—honors the King on work days,
and is a good Tory every day.

Next comes Sandy. He is but a lad

yet, tall, over-grown and awkward. His

name settles his nationality, almost.

But not quite, for he was born in On-

tario. He has the brawn of the Scotch

settler and the accent too. He can

blast stumps, but prefers blasting

Tories. He was brought up on the Bible

the shorter catechism and porridge and

is of a rugged breed.

Our third man is not a partner in

this shop. He has a position down

town and assists us on Saturday nights

and at other odd times. He is saving

his money to bring out his sweetheart

Nora. When he talks about Home

Rule he is thinking about Nora and is

wishing for domestic tranquility. When

he breathes Socialism he is sighing for

a lot, and a cot. His Socialism will die

when he buys the lot. His name is

Michael.

We first entered the shop to enquire

the name of a street, and the street

had no name, we could call it

what we liked. The council was o'er

busy to name the streets and it might

cost two bits a corner to put up the

names. He said that Victoria was a

fine big village, but it was not up to

city ways yet.

Harry was more polite and less caustic.

He walked half a block to help us

out of our difficulty. He apologized for

Sandy's impoliteness, said that the

council had been so busy passing and

repealing and repealing a dog and

habitually noisy-rooster by-law that

he really could not find time to name the

streets.

body possible, and enables
the system to resist attacks
of disease.

BOVRIL

POLITICS

YOUNG LIBERAL SMOKER.

The Young Liberal Club will give
one of its famous smokers in the A.
U. W. hall next Wednesday evening at
8 o'clock. As these entertainments are
the best of their kind given in the city,
there is certain to be a thronged house
and all those who desire to secure a
seat are advised to be in attendance
punctually.

"Best We Ever Had"

To the Editor of the Montreal Star:
Sir—I am for Laurier: (1) Because he
has given us twelve years of good gov-

ernment, the best we have ever had in
our history. He, by his great tact and
ability, has brought us out of a state of
chaos and placed us in the front rank
of the nations, and to-day we are living
in a land of peace and plenty. We have

no Riel rebellion, no Fenian raids, no
race grievances, no "nest of traitors,"
and soup-kitchens have become things
of the past. (2) Because I do not want
to return to those lean years or be

governed by those who have been tried
and found wanting; who have been
turned down and out; rejected by their
own provinces as unfit to rule. (3 and
4) Because that of all that has been
said against Laurier, nothing has been
proved, and he stands out before the
eyes of the world to-day pre-eminent,
and one that every right-thinking man
should choose to flash the green flag
which he has so honestly and ably be-

Nominations.
Grand Falls, N. B., Oct. 15.—Victoria
Conservatives have nominated Dr. C. A.
Kirkpatrick for this place for the Com-
mons.

Campaign in Vancouver.
Vancouver, Oct. 15.—The efforts of
the trades and labor council to bring
together on a common platform, the four
local candidates for the Dominion
House have been successful, and a
meeting has been arranged to be held
in the opera house next Monday even-

ing at 7:30 o'clock, the trades and labor
council to select the chairman. The four
candidates, Messrs. McInnes, Cowan,
Martin and Kingley, have all accepted
the invitation. They will be called upon
to show why they are asking the
support of the workmen in this
campaign. As it will probably be the
only opportunity the people will have
to see all the candidates together on
the same platform, there is sure to be
an immense attendance.

R. L. Borden Has Broken Faith.
Athens, Ont., Oct. 14.—In the course
of a speech before an enthusiastic gathering
of the electors of Brockville rid-
ing, Hon. W. S. Fielding said:

"There is another matter to which
public attention should be drawn, a
matter in which the opposition leader
has attempted to bribe a whole province
by holding out the expectation of a
large increase in provincial subsidy. I
refer to Mr. Borden's utterances in
British Columbia. I think Mr. Borden
miscalculated public opinion in British
Columbia, when he made that bid for
votes. However, I don't believe the peo-
ple of that province are worrying
themselves over getting a larger sum to
be expended by their provincial govern-

ment."

Proceeding, he said there were other
things of more importance to that pro-
vince, in which the wishes of the peo-
ple might reasonably be met. In the
many things British Columbia needed
the people knew they could rely upon
receiving generous aid from the Liberal
government.

It was none the less the duty of the
people of the Dominion to condemn the
attempt made by Mr. Borden to im-
properly influence the electors in that
province by his subsidy proposals. Mr.
Borden would probably say that he had
never promised an increase in the sub-
sidy, but only the appointment of a
commission of inquiry. At the same
time Mr. Borden had friends, no doubt,
who, with his authority, had discussed
the matter in such a way as to give the
people of British Columbia the impres-
sion that they should receive a larger
grant. Mr. Fielding then went on to
tell how, soon after Confederation, ad-
ditional grants were made to one of the
provinces, Nova Scotia, and there was
a strong feeling of objection in Ontario,
it being claimed that there should be
no departure from the original terms
without the consent of the other pro-
vinces. Later, when increased grants
were given Quebec many people in On-
tario again took exception. Mr. Field-
ing went on to tell how a provincial
conference had assembled at Quebec
nearly 20 years ago to discuss a rear-
rangement of the provincial subsidies,
and the Ontario Conservatives had
treated it as a proposal to bleed On-
tario. The Toronto Mail and Empire
had repeatedly contained articles de-
claring the rearrangements were at-
tacks upon the rights of Ontario. Finally
another conference was arranged.

"We who represented the Dominion,"
he continued, "realized that any dis-
turbance of the basis of the subsidy
without something like the general ap-
proval of provincial representatives
would be dangerous. We, therefore, said
in effect to the members of the confer-
ence that we would not undertake the
responsibility of making new grants to
the provinces unless they could

FOR SALE BY:

PETER McQUADE & SON

78 (1214) WHARF STREET VICTORIA, B. C.

VICTORIA MAY GET

MILK FROM MISSION

F. M. Logan's Hygienic Sup-
ply May Later Be Sent
Here.

F. M. Logan, formerly live stock
commissioner for this province, but now
at the head of the company which is
to supply Vancouver with pure milk,
is in the city. He is here for the pur-
pose of disposing of some stock in his
company.

Mr. Logan says work is progressing
well on the farm near Mission. The
stables are being built and a start will
be made with about 100 cows. With
over 600 acres of land the herd will be
increased to several hundred head at
an early date. The location of the farm
is admirable for the purpose, it being
possible to take off three crops of
clover in the year there, so that no fear
is felt with respect to drought.
The trainline runs right through the
farm, so that it will be possible to have
a special car belonging to the company
run right into Vancouver. Later, Mr.
Logan, thinks shipments of the pure
milk will be sent to Victoria, which
could easily be done by the steamboat
service now in vogue.

STRAWBERRYVALE HAPPENINGS.

(Special Correspondence of the Times.)
Strawberryvale, Oct. 15.—Mr. Steedman,
who came from Saskatchewan, will soon
begin operations on his property, lots 10
and 11, Strathcona subdivision, recently
sold by McPherson & Fullerton. Mr.
Steedman has an ideal location on the
water front overlooking Portage Inlet, a
sheltered and fertile spot.

A. H. Pease is building a new house on
his property, besides making many other
improvements.

Mrs. Averill, who has been seriously ill
for a week at the Jubilee hospital, is
now recovering.

Phil. D. Goepel is spending the week
with friends at Duncan.

The recent rains have been very accept-
able in the locality, starting the grass and
putting out fire.

Sportmen in large numbers invade the
district with little success, birds being
far from plentiful.

Steve Jackson will soon have his new
house completed, by Messrs. Burnham &
Wright.

Mr. Holmes, of Burnside road, has be-
gun his greenhouses.

More building has been done during the
last six months than in any six previous
years, which speaks well for the growth
and enterprise of the district. At a res-
idential suburb, within easy distance of
Victoria, a more pleasant and beautiful
spot than Burnside road and Strawberry-
vale district cannot be found. It offers
many advantages to the incoming settler,
looking for a comfortable home, in the
way of reasonable land adapted to fruit
and market gardening, excellent water,
abundant fuel, and, above all, a delightful
climate, and good roads.

TRAFFIC INCREASES

RAPIDLY IN B. C.

Gen. Superintendent Bustled
Says Crops Have Marked
Effect on Business.

F. F. Bustled, of Vancouver, general
superintendent of the Pacific division
of the C. P. R., is in Winnipeg con-
ferring with the local officials.

"Everything is progressing rapidly
in the coast province," said Mr. Bu-
sted, "and traffic is now very heavy.
The good crops in Manitoba and the
western provinces are, of course, re-
sponsible for it all, not that there is
much wheat moving in the coast pro-
vince, but because the good crop in
Manitoba has created a feeling of con-
fidence. The lumber traffic is particu-
larly heavy for this season of the year
and all the mills are beginning to re-
ceive larger orders. Heavy shipments
are being sent east to the consumers in
Manitoba and Saskatchewan. The
tourist traffic is, of course, over, and in
this department the year's business was
such that the company officials were
well pleased. All through the summer
months the travel was heavy and thou-
sands of people visited the famous res-
orts in British Columbia."

ACTIVITY IN SLOCAN.

Several Mines Are Now Shipping Ore
Steadily.

Sandon, Oct. 15.—Present indications
point to Sandon becoming the prosperous
mining camp it was known as in early
days. Several of the mines are shipping
steadily, and reports from the New mine
state that the ore showing is immense.
Close on sixty men are now employed
there, every one of whom is taking out
ore, and this force may have to be re-
duced for lack of space to put the ac-
cumulation. Every ore house is filled up
to the roof, while ore is being stored in
clutes and old tunnels and drifts. The
new body was found in No. 3 tunnel by
a cross cut driven from an old drift. There
are not enough pack horses available at
the present to pack the ore down, and E.
Towgood, the Sandon packer, has been
hunting up the Lardo district for another
string of mules.

MISSIONARY BOAT LAUNCHED.

Will Be Used in Mission Work in Far
North.

New Westminster, Oct. 15.—For the
work in the Far North, the Methodist
Mission is having a large and well ap-
pointed launch constructed, large enough
to be able to withstand any ordinary sea
and spacious enough to carry a good
number of passengers, and also a small
quantity of supplies.

The contract was let some time since to
the Schaeke Iron Works Company, of this
city, and they sub-let the hull to Messrs.
Petrie & Bassett. The hull of the vessel
was completed early this week and the
vessel was launched successfully from
the ways on the North Arm. In a day or
two she will be brought to Schaeke's
wharf to be equipped with her machinery
and a week will be required to finish her
upper work.

GETS TWENTY YEARS.

Kamloops, Oct. 15.—At Kamloops
appears Martin Andrew, convicted of
manslaughter, was sentenced to twenty
years' imprisonment.

G. Sando, for shooting with intent to
kill and for carrying a murderous wea-
pon, was sentenced to two years and
six months in the penitentiary on each
count, sentences to run concurrently.

One drunk came up in police court
this morning, but as he was a first of-
fender and did not require the official
carriage to be taken to the station he
got off with the minimum fine of \$3 and
costs.

Arch. McArthur, of Calgary, is in the
city, together with his family, and in-
tends to spend the winter here.
